RAILWAYS FOR FEDERAL CONTROL

President of Baltimore and Ohio System Says Displacement of State Regulations Will Help—Change in Public Opinion, but Lawmakers' Attitude Still Antagonistic.

By the Associated Press.

New York, April 27.—Mobilization of American industries and commerce as a prime factor of preparedness for national defense was urged here tonight by Secretary Baker of the war department in an address before the annual banquet of the American Newspaper Publishers' Association. He declared the necessity of such a mobilization was one of the great lessons learned from the European war.

"At first this question (preparedness) revolved around more military preparation in the narrowest sense," said Mr. Baker, "but as the war developed in Europe we learned that these are but a part of preparation and a relatively useless part, unless they are based upon other things very much more difficult to secure."

"Three-fold mobilization is necessary in any country for war and of these three elements, two are as valuable and as vital in times of peace as in times of conflict."

"First there must be, of course, arms and soldiers, ships and sailors, and these must be modern and adequate. No nation can with justice summon embattled farmers with the rude firearms which were adequate a few decades ago. On this subject, however, congress is at present legislating and whatever be the outcome of its deliberations, the executive branch of the government will act in sympathetic co-operation, and I may incidentally say that throughout the whole country there is an inspiring response to the country's military needs."

INDUSTRY SHOULD BE FULLY MOBILIZED.

The second mobilization necessary is that of our industries and commerce. The war in Europe has been under way more than a year before some of the countries were able to equip the men who volunteered for their armies. Perhaps no other lesson of the war in Europe is so impressive as its universality.

"It is of the utmost importance that we should know what our reliance is so that we can know it and summon it into immediate operation when needed. We must gain this knowledge and arrange for this co-operation in such a fashion as to take away from it all profit in war. If the hour of trial should ever come there must be no war stocks, no war bridges, no war fortresses made out of the national danger. Nor must there be built up in America any interest which could even be suspected of profiting by a national emergency. Business in America is part of the war, I have not the least doubt that every manufacturing plant in this country could do so related to a central bureaus of the government that its special usefulness in time of need would be known in advance."

NEED SPIRITUAL MOBILIZATION ALSO.

The third mobilization necessary is spiritual. In order to make sacrifices for America we must be sure that our stake in the country justifies it. Our institutions must be so just, our arrangements so fair, that every man in the nation will realize how completely his opportunity and that of those who come after him rests upon the continuing prosperity of the nation as a whole. That when the hour of trial really comes, the captain of industry who has sold to protect the captain of the factory and the farmer from the field with all lesser interests abated, will be joined by the workman from the field with all minor conflicts forgotten.

"The military mobilization will take place easily and need not be upon a magnificent scale in advance. The industrial and spiritual mobilization ought to be constant and as wide as the country."

RAILROADS WANT FEDERAL CONTROL.

Daniel Willard, president of the Baltimore & Ohio railroad system, was one of several speakers invited by the American Newspaper Publishers' association to speak at its annual banquet here tonight and telling the editors and publishers of the country what was most needed in his field during the coming year. In the case of the railroads, Mr. Willard said the thing most needed was the complete displacement of state regulation of railroads and the substitution of federal control. He also discussed the

Gerard to Talk Submarine Matter Over With Emperor

By the Associated Press.

Washington, April 27.—Secretary Lansing said late today he had no further advice from Berlin regarding the submarine issue and the situation remained unchanged. The German embassy also was said to be without information.

A announcement in press dispatches from Berlin that Ambassador Gerard would confer with Emperor William at the army headquarters was regarded by officials as being significant. Their opinion was freely expressed that it was not at all unlikely that the emperor might have in mind supplementing Germany's reply to the American note demanding the immediate abandonment of present methods of submarine warfare with a personal communication to President Wilson.

Ambassador Gerard in visiting the emperor is not acting under instruc-

tions from Washington. Consequently, officials assumed that the emperor invited Mr. Gerard to confer with him. In both official and diplomatic circles the injection of the president's personality into the subject was regarded as being a hopeful indication.

President Wilson expects to receive the German reply within the next few days.

The president, officials declare, will not be influenced in the slightest by the thousands of telegrams sent in the last few days to senators and representatives urging them not to approve any action which might lead to war. His course in the German note will be guided entirely by the character of the German reply. Should any serious effort be made to embarrass him, it was declared authoritatively he will again go before congress and demand that the members go on record for or against his policy.

SENATOR HUSTING CHARGES PLOT TO DECEIVE CONGRESS

By the Associated Press.

Washington, April 27.—The American embargo conference, an organization with headquarters in Chicago, was promoted by Senator Hustung today with a plot to deceive congress and poison public opinion by originating and paying for the propaganda which for several days has deluged senators and representatives with thousands of telegrams protesting against any break between the United States and Germany.

The Wisconsin senator read in the senate copies of letters sent to his constituents containing four form telegramgrams of protest like those received by congressmen and saying the embargo conference would pay telegraph tolls on all such messages forwarded. He charged that the forms had been prepared in advance and that the conference had studiously awaited an opportunity to launch its propaganda when it might do most to convince the country that the president and congress were bent upon war.

Senators Sherman of Illinois and Pomeroy of Ohio also denounced the propaganda, but Senator Works of California criticised Senator Hustung for stirring up discussion of the subject. Although Senator Hustung advocated a congressional investigation of the conference he introduced no resolution and the debate ended without action.

As soon as the agricultural appropriation bill was to be passed to-morrow or Saturday, it is out of the way, the Philippines bill will be taken up in the house. The democrats opposing it will have the support of most of the

Scott and Funston Enroute To Meet Obregon at Juarez

By the Associated Press.

San Antonio, April 27.—Maj.-Gen. Hugh L. Scott, chief of staff of the American army, was on his way tonight to El Paso to discuss with Gen. Alvaro Obregon, Carranza's minister of war, questions incident to the presence of American troops in Mexico. Accompanied by Maj.-Gen. Frederick Funston, General Scott left here at 8 o'clock tonight. They should arrive at El Paso tomorrow at 6 o'clock. With them went their respective aides.

Just what Generals Scott and Funston are going to discuss with General Obregon and just what propositions they will make remained unknown here tonight except to the two officers.

It was anticipated by Generals Scott and Funston that all would be adjusted after one brief talk with General Obregon. It was regarded as more likely that the first conference would be merely one of a series and that the intervals might be long

enough for both General Obregon and General Scott to communicate with their respective governments regarding the various suggestions as they are made. General Scott has no plenary powers and it is not believed that General Obregon has authority to enter into an agreement without first submitting it to Carranza.

It was believed here that the conference probably would take place in Juarez. It is understood that the United States government has no objections to Generals Scott and Funston meeting the Mexican representative on Mexican soil, and it was realized that General Obregon might not be able to go on the discussions on American soil.

General Funston is acquainted with General Obregon, but General Scott has never seen him. General Funston met the Mexican general last year when he was conducting operations along the American border.

IRISH REBELLION SPREADS TO OTHER PARTS OF ISLAND

PREMIER ASQUITH ADMITS REVOLUTIONISTS STILL HOLD PORTION OF DUBLIN AND THAT OUTBREAKS HAVE OCCURRED AT OTHER PLACES.

MARTIAL LAW MADE UNIVERSAL

Major General Sir John Maxwell Sent to Take Charge of the Government Troops—Irish Leaders in Parliament Take Stand Against Movement—Ulster Volunteers Offered.

By the Associated Press.

London, April 27.—Martial law has been declared throughout Ireland and Maj. Gen. Sir John Maxwell, who until recently commanded the troops in Egypt, has gone over to take charge. The Irish executive officials having placed themselves under his instructions. He has been given full disciplinary powers for the extension of the operations and the suppression of the rebellion.

The revolt, which broke out in Dublin Monday, has spread to other parts of Ireland, chiefly to the west and south. This information, together with the fact that the rebels are still in possession of parts of the city of Dublin, was given to the nation by the ministers in parliament today.

Premier Asquith, who yesterday had given reassuring news respecting the situation in Ireland, caused something of a flutter of excitement today in the house of commons when he announced the spread of the movement to other parts of Ireland, the retention by the revolutionary forces of certain parts of Dublin and the fact that fighting was still going on in the streets.

General Obregon left Chihuahua on his special train at 10 o'clock tonight.

Obregon Hopes to Persuade Americans to Withdraw

By the Associated Press.

Chihuahua, April 27.—Gen. Alvaro Obregon, minister of war of the de facto government, will submit his assurances to Major Generals Scott and Funston at their coming conference in Juarez or El Paso that the Carranza forces are now fully able to cope with the Villista bandits that are operating in southern Chihuahua. The minister of war said he hoped to arrange for an early retirement of the American troops from Mexican soil.

Before his departure tonight for Juarez, General Obregon, who was accompanied by General Trevino Carranza commander at Torreon, outlined to the Associated Press the official proposals he intends to submit to Generals Scott and Funston.

Incidentally, the Mexican minister of war refuted reports that there was any friction between himself and Gen. Venustiano Carranza.

General Obregon said regarding the coming conference which is expected

to determine the future military courses of both the American and Mexican troops.

I am going to Juarez to convince the American representatives that our army is more than amply sufficient to control the small groups of Villista bandits which are still at large and outside the law.

I hope to arrange the prompt retirement of the American troops into their own country.

General Obregon was most emphatic in denouncing the reports which he said had been circulated in the United Kingdom that he had broken with the first chief.

I wish emphatically to deny the insinuation of the American yellow press which has insinuated that there is friction between myself and General Carranza," he said. "I wish to further state that there is perfect harmony among all the chiefs of the constitutional cause."

General Obregon left Chihuahua on his special train at 10 o'clock tonight.

IRISH LEADERS OPPOSED TO UPRIISING.

The government, the prime minister further announced, was convinced that the forces now in Ireland and those proceeding there were adequate to deal with the situation.

John Redmond, leader of the Irish nationalist party, and Sir Edward Carson, unionist leader, strong opponents of the home rule question, expressed their determination of the rising and as a consequence of the Asquith government, he did not think it necessary to hold a session of the house Monday as it had been suggested by one of the members "to make clear to the world what true amount of support was behind the movement."

At the rising of the house, the home secretary, Herbert Samuel, was able to announce the receipt of information from Ireland, "considerable districts" of Ireland came into rebellion and to repeat the prime minister's promise that consistent with the military exigencies, all the news available would be published and the necessary facilities granted to newspapermen.

Individuals, the ministers express confidence that the military forces on the spot can deal successfully with the movement. On the political side the position is much more satisfactory, Mr. Redmond and Sir Edward Carson being in agreement that no political capital is to be made out of the troubles.

Premier Asquith's promise in behalf of the movement of a searching investigation into the origin of the movement and his acceptance of responsibility together with the speech of the Irish nationalist and unionist leaders expressing their desire to do everything in their power to assist the government, went far to allay the rising passions of the public, which had been shown in demands for the resignation of Augustine Birrell, chief secretary for Ireland; Baron Wimborne, the lord lieutenant and other officials alleged to be responsible in disregarding warnings as to what was likely to happen from the Sinn Fein agitation.

The minister of war received General Trevino, Francisco Gonzales, Maycote and Morales. Civilian officials of Torreon also paid their respects.

General Obregon held a conference with Colonel Gasiola, who represented the rebels in the negotiations for a surrender of the Keyes command. Colonel Gasiola said that Calixto Contreras was also to be included in the negotiations for the Villa bandits operating in the Torreon region.

Reception Held at Torreon by Obregon

By the Associated Press.

Torreón, Mex., April 27, via El Paso. General Obregon, now on his way to Juarez to confer with Generals Scott and Funston, held a reception here today. Large numbers of troops lined the streets through which General Obregon passed while most of the civil population thronged the sidewalks.

U. S. Still Holding Von Igel Papers

By the Associated Press.

Washington, April 27.—The state department and the German embassy apparently are at deadlock over the disposition of papers seized by agents of the state department in Mexico, which came into the office of Von Igel, formerly secretary to Capt. von Igel, recalled military attaché of the embassy.

The state department is willing to return the papers as demanded by the German ambassador but will identify the papers to the German government.

Sir Edward Carson offered to place his Ulster volunteers at the disposition of the government to help in suppressing the rebellion.

That a hopeful feeling prevailed in part of Ulster was seen in the fact that no opposition was raised to the adjournment of the house to Tuesday when the ministers had promised that this would not interfere with the issuance of any available news.

Dublin is further from London today than Peking is from New York, so far as communication for the general public is concerned. No Irish newspaper, however, has been able to reach the public since the uprising and passenger traffic has been to the most part suspended. The only information comes through official channels.

England naturally is extremely anxious about the Irish situation, but no fears are expressed that the government will not be able to suppress the rising. The casualties thus far do not exceed what might have occurred in civil riots, but more severe fighting is likely to follow before quiet is restored in Dublin.

Thin Men and Women Who Want to Gain Weight Should Try At Once This 10 Days Flesh Building Test

Report Gains at Rate of Three to Five
Pounds a Week in Many In-
stances. Full Directions

Given.

Most thin, round men and women would probably be glad to increase their weight with ten pounds, five pounds of flesh, fine, solid, healthy, easy-to-digest flesh and fat if they believed it possible to accomplish such result by merely making the flesh-making materials in the daily meals do a little more work than they are doing now.

This is said to be the chief reason why most thin people do stay underweight. They are so constituted that it is hard to fully assimilate the nourishment of their food, a great deal of which passes from the body as waste. Increase assimilation to normal and normal weight follows as a matter of course.

If you are ten pounds or more underweight and believe this can't be done in your case, here is a simple inexpensive and really harmless test that is well worth trying.

First weigh yourself. Then with each meal for ten days and each night as you go to bed take a single Sargol tablet. Then weigh yourself again and let the scales tell the story.

Sargol may not increase your weight as much as one pound a day but with whatever increase in your weight may be shown you can decide what its continued use for a few weeks further may be able to do for you. Sargol does not of itself make fat but consisting of a spe-

cially balanced combination of assimilative and flesh-building agents it is mixed with your meal for the purpose of making it easier for your body to accept their strength, flesh and fat-making nourishment and turn it into strength, flesh and fat upon your body.

A great many people have gladly told their success. There are many reports like the following: "We increased 18 pounds in less than a month," wrote a man from Colorado. Another man who said he had been losing over a pound a week and was under 125 pounds, gained two pounds in the first week taking Sargol and "been gaining ever since" and last report over 170 pounds.

"Have gained 16 pounds and am still gaining." Sargol as a rule should be taken 30 days or more where results like above are desired.

The tablets are small, easily swallowed, produce no disagreeable effects, contain no poisons, drugs, are harmless and not an expense as compared with results said to be obtained.

NOTE—Sargol, referred to above, is well known as a flesh builder to Powers, Powers, Powers, as well as many other of the leading food drug companies, further more sell it on the positive guarantee as found in each large package, of satisfactory weight increase or money back.

Ask Turkey if Elkus O. K.

By the Associated Press.

Washington, April 27.—The state department today inquired of the Turkish government whether Abram L. Elkus of New York would be acceptable as ambassador to succeed Henry Morgenthau, whose resignation has been accepted by President Wilson.

No difficulty over the appointment is expected.

In consequence of the decrease of drunkenness in Russia, due to the prohibition of the sale of vodka, fires have largely decreased.

Laymen's Movement Is Reviewed

By the Associated Press.

Washington, April 27.—Ten years' work of the laymen's missionary movement both in the United States and abroad was reviewed today by speakers at the national congress of the movement now in session. Accomplishments in the organization of the missions and the introduction of business methods in churches were emphasized.

It was announced that since the movement began in 1906 it had tremendously increased the amount of mission collections and had aroused an interest in missionary work never before shown by business men. One speaker described the present as a million-dollar age in which mission gifts of \$1,000,000 are far from unusual.

Advance for Mill Operatives.

**Wilson Hopes Press
Will Always Stand
for Fair Play**

By the Associated Press.

New York, April 27.—A message from President Wilson expressing the hope that the press of the United States may always use its influence for "fair play, right understanding and the peace, prosperity and glory of America" was read tonight at a banquet which brought to an end the annual meeting of the American Newspaper Publishers' association. Men of prominence in many walks of life were the guests of the organization.

In reply to the president's telegram a message signed by Herbert L. Bridgeman, president of the association, was

sent to the white house assuring Mr. Wilson that the American Newspaper Publishers' association "stands for the first word of its name and will defend it against all comers."

**Thin Men and Women
Who Want to Gain Weight
Should Try At Once This
10 Days Flesh Building Test**

Report Gains at Rate of Three to Five Pounds a Week in Many Instances. Full Directions Given.

Most thin, rundown men and women would probably be glad to increase their weight with ten to twenty-five pounds of good, firm, solid, healthy, stay-there flesh and fat if they believed it were accomplishable. Such results are merely making the flesh making materials in their daily meals do a little more work than they are doing now.

This is to be the chief reason why most thin people do stay under weight. They are so constituted that they fail to fully assimilate the nourishment of their food, a great deal of which passes from the body as waste. Proper assimilation of normal human weight follows as a matter of course.

If you are ten pounds or more underweight and believe this can't be done in your case, here is a simple inexpensive and really harmless test that is well worth trying.

First weigh yourself. Then with each meal for ten days and each night as you go to bed take a single Sargol tablet. Tell yourself again and let the scales tell the truth.

Sargol may not increase your weight as much as one pound a day but with whatever increase in your weight may be shown you can decide what its continuance will be. If the scales show you can be able to do for you. Sargol does not of itself make fat but consisting of a splen-

dily balanced combination of assimilative aids and flesh-building agents it mixes with your meals for the purpose of making it easier for your blood to accept their strength, flesh and fat making nourishment and turn it into strength, flesh and fat upon your body.

A great many people have gladly told me that it succeeds. There are many reports like the following: "I have increased one pound in less than a month," wrote a man from Colorado. Another man said he had been losing over a pound a week and was under 155 pounds, gained two pounds the first week taking Sargol and "began gaining ever since." Last report over 70 pounds. Get over 100 pounds gain.

He will also take some experienced oil men back with him as well as his wife and children.

Mr. Stewart has a wide experience in putting down oil wells and it is this reputation that has taken him to Russia.

Coryell I. O. O. F. Meets.

Lorena, April 27.—Mr. and Mrs. D. N. Stewart and children departed to day for New York, where they will sail May 4 for Baku, Russia. Mr. Stewart has been engaged with an oil syndicate for several years and returned about two months ago to purchase machine tools for his company.

He will also take some experienced oil men back with him as well as his wife and children.

Mr. Stewart has a wide experience in putting down oil wells and it is this reputation that has taken him to Russia.

The tablets are small, easily swallowed, produce no disagreeable effects, contain no habit drugs, are harmless and not at all expensive as compared with results said to be obtained.

NOTE: Sargol referred to above is well known as a flesh builder to Powers Kelly Drug Co. as well as many other of the leading local druggists who further sell on the positive guarantee, as found in each large bottle of satisfactory weight increase or money back.

As far as I am concerned, I am in view of this liberal offer, and the harmless nature of the remedy, it would seem that all who desire increased weight should be glad to give this method a trial.

This afternoon finds the Woman's Auxiliary of the First Avenue Methodist church in circle session. The several places for study hours are the church parlors: Mrs. J. W. Holloway, Eighteenth and Morrow; Mrs. F. A. Winchell, Seventeenth and Franklin, Mrs. C. F. Carr, 1611 West avenue.

MISS BERTHA ALEXANDER HAS HER BRIDGE CLUB

Miss Clara Archibald repeats the courtesy of hostess given by Miss Bertha Alexander to the Girls' Bridge club. Playing as substitute hands with Miss Alexander were the Mesdames Louis Roddy and Jared Simmons. Taking the three game favors were Miss Florence Hirshberg top score, Miss Gussie Landman second and Mrs. Roddy guest.

WREATHS MADE TODAY WITH MRS. WESLEY MANN

At Wildair today, women of the Improvement Society will be in session to make wreaths for soldiers' graves in the Robinson cemetery. On Sunday, with Judge Thomas McCullough, orator, these women will conduct their memorial service. Miss Bertha Moore has arranged a number of little girls for the songs and other features which pay tribute to the men who wore the gray.

MRS. ALLAN SANFORD HAS EUCHE CLUB

The Easter game of the Young Married Ladies' Euchre club, conducted by Allan Sanford hostess. The game proved reunion as well as card pleasure, the Mesdames J. P. Massey and Adrian Moore taking hands of absences. Prizes were won by the Mesdames J. E. Allison and Chapin Soley. This game remained the season tournament which will be continued with Mrs. James D. Willis.

MRS. J. B. SMITH HOSTESS FOR LUNCHEON GUESTS

Driving up from Marlin for Thursday was Miss Ida De Bardenleben with the Mesdames Banks and Dorsay, of Baltimore. These were entertained with a beautiful luncheon in the home

Instant Hair Stain Better Than Slow "Restorers"

Some folks would have you believe that you have disengaged a some marvellous combination that will "restore" the color to gray, streaked or faded hair, without staining. No such a preparation has ever been discovered. There is only one preparation so far known that is entirely free from sulphur, lead, silver, mercury, zinc, aniline, coal tar products or their derivatives. That preparation is called "Brownatone." It is so easy and safe to use that the wonder is that anyone ever used anything else.

"Brownatone" instantly tints the hair to any shade of brown (or black) that may be desired. If the gray shows on your temples, it is breaking your heart. If the ends of your hair are lighter than the balance, or if for any reason you wish to stain all or part of your hair—use "Brownatone."

A sample and a booklet will be sent you free. Manufacturers only upon request for 10c. Mention shade desired. All of the leading drug stores sell "Brownatone." Two sizes, 25c and \$1.00. Insist on "Brownatone" at your hairdresser's.

Presented by the Kenton Pharmaceutical Co., 609 E. Pike St., Covington, Ky.

Sold and guaranteed in Waco by Powers-Kelly Drug Co., Stetler's Drug Store and other leading druggists.

COMPLETE ASSOCIATED PRESS REPORT.

ARTEMAS R. ROBERTS, PRESIDENT AND GENERAL MANAGER.

SOLOMON'S PRAYER.

(I Kings, 8:33-49.)

When my people Israel be smitten down before the enemy because they have sinned against thee, and shall turn again to thee, and confess thy name, and pray, and make supplication to thee in this house; then hear thou in heaven thy dwelling place, and maintain their cause.

If they sin against thee (for there is no man that sinneth not) and thou be angry with them, and deliver them to the enemy, so that they carry them away captives unto the land of the enemy, far or near, yet if they shall repent and make supplication unto thee, saying we have sinned and done perversely, then hear thou their prayer, and their supplication in heaven thy dwelling place, and maintain their cause.

A BOON TO
THE HONEST
ADVERTISER.

Advertising has become a science which enlists the activities of the brightest minds.

Every important science has its fakirs, who discredit its truths and benefits by their imposture.

One of the reasons why Texas has not received a fair share of immigration during the last two decades may be found in the alluring literature that has been sent throughout the world from the northwest, from California and from Florida. Every magazine of large general circulation has told with beautiful illustrations and in graphic terms of the pleasures and profits of farm life in these localities. The well-informed knew that many of these pictures were overdrawn, but they appealed to the unwary, and the vendors went on with their campaigns, congratulating themselves with the reflection that "a new sucker is born every minute."

It will interest buyers and sellers everywhere to know that the United States Supreme Court has just decided that there must be some affinity between truth and representation in advertising literature. This decision will be acclaimed by the legitimate advertiser, because it will help to remove unfair competition, and to develop a larger degree of confidence in the investing public.

The opinion was delivered by Justice McKenna, and was to the effect that there should be no over-exaggeration of the value, fertility or worth of Florida lands. The defendants in the case operated under the names of the Burbank-Ocara Colony and the Florida Palatka Colony and according to the decision gave most alluring pictures to prospective land buyers regarding their properties. It was claimed by them that the largest ships plying between Jacksonville and New York could navigate the waters adjacent to their land; that the land was rich and fertile; that there were magnificent hotels, roads that had been constructed at tremendous cost, artesian wells, citrus groves, Pullman cars right to the very doors and every modern facility. A volume of most enticing literature under the title of The New Florida and Ten Acres and Freedom was scattered throughout the United States through the mails and fanciful pictures of conditions were drawn as to what might be done within a year after this land was purchased.

Justice McKenna said that a line must be drawn between legitimate advertising and merely boasting lands for the sake of making a sale, that the vendors secured many purchasers by these representations which would not otherwise have been secured, and that the higher court must decide where false pretense and wild exaggeration should stop and where legitimate description should begin.

Baron von Wangenheim, an exponent of Prussian militarism, said in a recent speech in the Prussian diet: "If there is one fact which this war has brought out more clearly than anything else, it is that the idea of democratic government is an absolute failure." The baron states the issue precisely upon which the war is being fought. Mr. Colquitt is to be congratulated on the "courage and candor" of his allies across the water.

The conservative Republicans of Wisconsin have trotted out a candidate for senator against that Oliver Cromwell of progressiveness, Senator LaFollette. The conservatives have been doing that for many years, but so far, they have never reaped any dividends on the investment.

It is announced semi-officially from Berlin that the Kaiser and his advisors are trying to avoid a break with the United States. That's easy. Confine the war to the citizenship of countries engaged in it, and Uncle Sam will have nothing further to say.

Wilson got 98 1/4 per cent of the democratic vote in the Iowa primary, and nearly as many votes as were cast for Senator Cummins of Iowa in the republican primary. That is not a straw. It is a hay-stack.

SOMETHING
BREWING AT
SAN ANTONIO

We are in receipt of the following interesting letter from a "San Antonio taxpayer" which is of more than local interest:

"Messrs. Ham and Ramsey, evangelists, who were at Corpus Christi a short while ago, are to hold a revival at San Antonio on and after May 8th next. Numerous sensations are promised, including a discussion of the illegal payment of poll taxes by the local machine, the open bribing of voters on election day, and other things, including the open defiance of the felony statutes prohibiting prize fighting and gambling. Be sure to have a reporter on hand to take down what is said. This will be privileged, because brought out in open meeting. (Art. 5597, Rev. Stats.)"

It does look as if something were brewing at San Antonio. The News will await developments.

A Berlin inspired report says that there is no shortage in the stocks of grain and potatoes, which will reach until next fall, even without the enormous quantities of wheat, corn and potatoes coming from Roumania and Bulgaria; that the live-stock of the empire has been but slightly reduced since the war began, that rich and poor get a limited supply of butter, that there is still much luxury, the wealthy ladies receiving their Parisian robes through Switzerland, their cut flowers from the Riviera, and their diamonds from Antwerp. Why, then, the necessity for blowing up passenger ships, and destroying neutral lives upon the plea that England is starving women and children in Germany with her blockade?

Colquitt to Koelble (80 Maiden Lane, New York): "It may be that Texas will have to furnish the courage and candor for American politics yet. But, of course, this does not refer to the crowd from Texas now at Washington. They are trucklers." Courage and candor will take a great rise in American politics when Mr. Colquitt occupies a seat in the United States senate. He has said so, and he ought to know.

On December 26, 1915, Governor Colquitt wrote a letter in which he characterized the Wilson administration as "the greatest failure in the history of the presidency." That was written for consumption by voters supposed by the governor to be more interested in Germany than in the United States. Would it not be appropriate for the aspiring ex-governor to transfer his campaign headquarters to Berlin?

In his speech at Fredericksburg this week, Mr. Colquitt is reported to have "dwelled at length on the Mexican situation and referred to the actions of the (presidential) administration as poor management." It is an interesting fact that while this country is beset with international difficulties on every hand, Mr. Colquitt is the only politician who has seized upon this as a timely time to take the stump in favor of the foreign side of all the big issues with which we have to deal.

The new president of the State university, Dr. Vinson, in his opening declaration said: "I think the University is for the students and not the students for the University." That is the true conception. Education, both higher and lower, must be fitted to the needs of mankind, rather than mankind fashioned for the aggrandizement of piles of brick and stone called a university or a college.

Unfavorable weather reduced the attendance upon the state convention of the Young Men's Business Leagues of Texas, held at Temple on Wednesday, but the work goes on with increasing zeal and interest everywhere. This organization has demonstrated its utility, and it will be heard from whenever questions relating to the material progress of Texas are under discussion.

With the war costing Europe \$90,000,000 a day, or \$62,500 a minute, and \$1041.66 2-3 a second, the only way for it to escape universal bankruptcy will be to perfect a reciprocity agreement under which one-half of the financiers will make an assignment for the benefit of the other half every week, and the debtor side shall take the legal fees of the proceedings as its perquisites.

So many English soldiers, on the battle line in France, have become engaged to marry French maidens, that John Bull's daughters are growing jealous. If the war keeps up much longer it will require an American invasion of Europe to straighten out the affairs of Cupid, and set the world up in business matrimonially speaking.

If it be true that Americans financed Sir Roger Casement's picnic, they evidently overlooked the fact that the south pole is still an attractive field for sensational exploits.

Little Rhody is for Wilson. So is Texas. There you have the long and the short of it.

By-the-By

Dallas has employed Mr. F. K. McGinnis as her first city forester and one of his first duties will be to plough up the Johnson grass growing on Main, Elm and Commerce streets.

+ + + + +

Baron Estournelles de Constant says "the English people are fine and good, but they get up too late. The French people are at work every morning, at least one or two hours earlier than the English. What would the Baron say of our friends the Mexicans, who wait until day after tomorrow to get up on behalf of day before yesterday."

+ + + + +

Austin is in the throes of a hot campaign which will determine whether or not she is to have a paid fire department. Why not pay the legislature?

+ + + + +

A Kansas paper wants to follow the "dress up," "pay up" and "clean up" week with a "less up" week. The trouble is the calendar has no week big enough to hold the occasion.

Waco Colony Leaders' Will Go to Jewish Conference in Mo.

Dr. L. Warsaw and Loney Miguel will leave today for Little Rock to attend the annual meeting of District No. 7, Independent Order of B'nai B'rith, and to ask the order to adopt the resolution favoring what is known as the "Waco Plan," which calls for the establishment of a Jewish colony near this city. In case the order endorses the movement, the organization will be incorporated soon and efforts will be made to establish the colony before the close of the year.

It is not certain that Texas would get the colony, but it is believed that it would, as large contributions will no doubt be received from this state. In case Texas does get the colony, it would probably be located near Waco, not only because the plan originated in Waco, but because of the splendid agricultural opportunities offered in central Texas.

The "Waco Plan" calls for a colony to be established for Jews of the United States and to allow from 80 to 100 acres of land to every Jewish family that settles on the colony. There are more than 50,000 Jewish farmers in the United States and it is claimed that they have made remarkable progress in agriculture.

Address by C. A. Braun Features Meeting St. Paul's Club

"How to Build Up Respect for Law" was the subject of an address by Charles A. Braun, a local attorney, which featured the meeting of St. Paul's Men's club in the regular meeting of the parish house last night. Besides the address, music selections and refreshments combined to make the evening one varied and pleasant.

Contributing to the musical features of the evening were Miss Louise Lawson and Miss Jaunita Smith, while Misses Reba and Miriam Renich gave readings.

Long delays in court procedure which tend to give the people a feeling of dissatisfaction and unrest, was cited by Mr. Braun as one of the chief factors that leads to dissatisfaction with the law, on which foundation all liberties rest. He gave a forceful speech and was accorded high praise from the membership of the club.

Negro Is Convicted of Murder and Given Twenty-five Years

Henry Sparks, a negro who was tried in the Fifty-fourth district court on a charge of murdering Sham Spratt, was yesterday convicted by the jury and sentenced to twenty-five years in the penitentiary.

Sparks and Spratt are alleged to have had a quarrel on March 18, last, near Sixth and Columbus streets, and Spratt was stabbed to death.

Sparks disappeared, but was soon located at Leroy, where he was arrested by citizens and held until Chief of Police Guy McNamara and others could get after him.

I. & G. N. Ordered to Build Connecting Track With Katy

Special to the Morning News.

Austin, April 27.—An important precedent was made today when the railroad commission adopted an order covering the situation at the Dillingham plant, four miles south of New Braunfels, on the International and Great Northern railroad. Owners of the plant asked for an order requiring a connecting track with the Missouri, Kansas and Texas, which is about one mile distant. The Katy has large tracts for ballasting stone from the quarries, besides a guarantee of a number of commercial cars daily from the plant.

The J. R. Sutherland & Co. bond buying firm of Kansas City, Mo., after the city council had accepted their bid for the \$120,000 issue of public improvement bonds of this city, has declared the bid contained a stenographic error and claims there was no legal sale consummated. Mayor Bounds states the sale was legal in every sense and that the company will be held to their contract, or to the forfeiting of the \$1,000 earnest check included with the bid.

The following Waco people are registered at local hotels: Mrs. D. S. Eddins, J. A. Walker, R. A. Dickerson and J. S. McClintock.

Austin, April 27.—The presidency of the Presbyterian Theological seminary of Austin, from which Dr. R. E. Vinson has resigned to accept the position of president of the University of Texas, will be offered to Rev. Dr. Eugene Caldwell of Richmond, Va. Dr. Caldwell was formerly a member of the faculty of the seminary and is well known in Austin.

Assistant Attorney General Luther Nickels prepared the order. It is in alternative form, giving the lines of connecting in more than one way.

Brazos Dam Being Made Stronger at the Lock Site

In conformity with recommendations made on a recent visit to Waco of Colonel C. S. Rice, in charge of river improvement work in Texas for the federal government, a force of men is now at work on the east bank of the Brazos at the lock and dam below the city, making the bank secure against any encroachments from the river in times of high water.

SOLOMON'S PRAYER.

(I Kings, 8:33-49.)

When my people Israel be smitten down before the enemy because they have sinned against thee, and shall turn again to thee, and confess thy name, and pray, and make supplication to thee in this house; then hear thou in heaven and forgive the sin of thy people Israel.

If they sin against thee (for there is no man that sinneth not) and thou be angry with them, and deliver them to the enemy, so that they carry them away captive unto the land of the enemy, far or near, yet if they shall repent and make supplication unto thee, saying we have sinned and done perversely, then hear thou their prayer, and their supplication in heaven thy dwelling place, and maintain their cause.

A BOON TO THE HONEST ADVERTISER.

Advertising has become a science which enlists the activities of the brightest minds.

Every important science has its fakirs, who discredit its truths and benefits by their imposture.

One of the reasons why Texas has not received a fair share of immigration during the last two decades may be found in the alluring literature that has been sent throughout the world from the northwest, from California and from Florida. Every magazine of large general circulation has told with beautiful illustrations and in graphic terms of the pleasures and profits of farm life in these localities. The well-informed knew that many of these pictures were overdrawn, but they appealed to the unwary, and the vendors went on with their campaigns, congratulating themselves with the reflection that "a new sucker is born every minute."

It will interest buyers and sellers everywhere to know that the United States Supreme Court has just decided that there must be some affinity between truth and representation in advertising literature. This decision will be acclaimed by the legitimate advertiser, because it will help to remove unfair competition, and to develop a larger degree of confidence in the investing public.

The opinion was delivered by Justice McKenna, and was to the effect that there should be no over-exaggeration of the value, fertility or worth of Florida lands. The defendants in the case operated under the names of the Burbank-Oeara Colony and the Florida Palatka Colony and according to the decision gave most alluring pictures to prospective land buyers regarding their properties. It was claimed by them that the largest ships plying between Jacksonville and New York could navigate the waters adjacent to their land; that the land was rich and fertile; that there were magnificent hotels, roads that had been constructed at tremendous cost, artesian wells, citrus groves, Pullman cars right to the very doors and every modern facility. A volume of most enticing literature under the title of The New Florida and Ten Acres and Freedom was scattered throughout the United States through the mails and fanciful pictures of conditions were drawn as to what might be done within a year after this land was purchased.

Justice McKenna said that a line must be drawn between legitimate advertising and merely boasting lands for the sake of making a sale, that the vendors secured many purchasers by these representations which would not otherwise have been secured, and that the higher court must decide where false pretense and wild exaggeration should stop and where legitimate description should begin.

Baron von Wangenheim, an exponent of Prussian militarism, said in a recent speech in the Prussian diet: "If there is one fact which this war has brought out more clearly than anything else, it is that the idea of democratic government is an absolute failure." The baron states the issue precisely upon which the war is being fought. Mr. Colquitt is to be congratulated on the "courage and candor" of his allies across the water.

The conservative Republicans of Wisconsin have trotted out a candidate for senator against that Oliver Cromwell of progressiveness, Senator LaFollette. The conservatives have been doing that for many years, but, so far, they have never reaped any dividends on the investment.

It is announced semi-officially from Berlin that the Kaiser and his advisors are trying to avoid a break with the United States. That's easy. Confin the war to the citizenship of countries engaged in it, and Uncle Sam will have nothing further to say.

Wilson got 98.14 per cent of the democratic vote in the Iowa primary, and nearly as many votes as were cast for Senator Cummins of Iowa in the republican primary. That is not a straw. It is a haystack.

Little Rhody is for Wilson. So is Texas. There you have the long and the short of it.

If it be true that Americans financed Sir Roger Casement's picnic, they evidently overlooked the fact that the south pole is still an attractive field for sensational exploits.

Healthy Old Age Brings Happiness

Simple Remedy Promotes Health by Overcoming Tendency to Constipation.

Advancing years impair the action of the vital organs. Old age should be the period of greatest happiness, but good health is necessary. Constipation should not be tolerated—it is often the direct cause of ill health.

Heartache, belching, biliousness, bloat, drowsiness after eating and other symptoms of constipation can be readily relieved by the use of a simple laxative compound sold in drug stores under the name of Dr. Caldwell's Syrup Pepin. Mr. J. H. Bristol, 1412 Geddes Ave., Ann Arbor, Mich., who is 83 years old, says, Dr. Caldwell's Syrup Pepin is the best remedy I ever used for constipation and I always have a bottle of it in the house to use when I feel the need of it; it never disappoints."

Dr. Caldwell's Syrup Pepin is a milky laxative preparation, positive in its effect, acting easily and naturally without grating or other pain or discomfort. For over a quarter of a century it has been the standard household remedy in thousands of

homes. Druggists everywhere sell it for fifty cents a bottle. A trial bottle of Dr. Caldwell's Syrup Pepin can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Illinois.

WOMEN PROTEST THE CHANGE IN OFFICE OF FOOD INSPECTOR

For the purpose of discussing the advisability and possibility of having the city to again maintain the office of a pure food inspector, a called meeting of the City Federation of Women's clubs was held yesterday afternoon at the public library. Several talks were given by the members of the organization which voiced the opinion that since the office of the pure food inspector had been abolished by the city commissioners certain stores and markets had become very careless with groceries and meats.

Insanitary conditions that could be prevented if there was a city pure food inspector were reported to be existing. According to members of the organization since there has been no pure food inspector, markets often protect their meats being inspected, while others will welcome inspection of all visitors.

Among those that made talks in regard to the department of the pure food inspector were Mrs. W. W. Woodson, Mrs. L. Aubrey, Mrs. J. F. Rowe, Mrs. W. O. Wilkes and Dr. W. M. Brumby. A committee consisting of six members of the federation was appointed to personally call upon the members of city commissioners to see what they were willing to do in regard to re-opening an office for a pure food inspector. This committee will probably work in conjunction with the Welfare League.

Reports from the work that has been accomplished by the public health nurse in the last year were given, which showed that this department had been very active and had handled several hundred cases personally. After the Federation representatives left, the Welfare League it is expected that the city commission will probably be asked to allow the public health nurse to come under the jurisdiction of the city.

Following an address by Mrs. Joseph Wren, the federation decided to promote one social feature for the members of the Philharmonic musicians when they visit here next week.

Capt. R. F. Rittenberk, captor of Civil War Raider Morgan, now lives quietly in Cincinnati.

BAPTIST WOMEN HAVE MEETING AT PATRICK

WACO WOMEN HAVE LARGE PART
IN PROGRAM OF ALL-DAY
SESSION.

Features of Women's Work in the
Baptist Church Are Treated in
Number of Talks.

Several interesting talks were made yesterday at the meeting of the Auxiliary of the Waco Baptist Association, which was held at the Baptist church of Patrick. Mrs. J. B. Wardlow was elected president of a Ladies' Aid society which was organized for this church and her daughter, Miss Ethel Wardlow, was chosen secretary.

Committees were appointed at the morning session, which was followed by a devotion, and the meeting adjourned. Mrs. T. J. Logue of Patrick gave a welcome address and was responded to by Miss Pyrena Allen of Waco, president of the association.

Mission work was discussed by Mrs. W. H. Torian and Mrs. O. M. Weatherby, both of Waco. Mrs. Torian dealt with home missions, and foreign missions was the subject of Mrs. Weatherby's talk.

Mrs. Minor of Bosqueville, who has had considerable experience with church societies, talked on "The Importance of a Live Society in the Country Church." She said that there was no better way to promote the interests of the church than by having a wide-awake society.

The Method I Have Found Most Successful Toward Enlisting All Our Members was discussed by about eight presidents of various societies that were present. The discussion was led by Mrs. Crate Dalton. From the reports it was shown that the best results secured in enlarging the societies was by dividing the societies into circles.

Ladies of the church served lunch on the church grounds at noon and the afternoon session was opened by a devotion service led by Mrs. E. M. Longley of Waco. Miss Alline Quinal of Waco talked on the work of the Young Women's auxiliary. A discussion was held in regard to the Sunbeam organizations and their work, after which the program was concluded by very encouraging reports of committee.

Underwriters Have First Annual Banquet at Raleigh Tonight

Charles P. Link is toastmaster for the first annual banquet of the Central Texas Underwriters which will be held at the Raleigh this evening at 7:30. A program of practical addresses, interspersed with music by Mrs. Joseph Wren and Miss Louise Lawson, is planned for the occasion. J. S. Shaw, president of the organization, with Mr. Link and R. O. Silvers, compose the permanent entertainment committee which has had the responsibility of the arrangements.

Choral Club Gives an Attractive Program

An attractive program was given last night by the Choral club of the Austin Avenue Methodist church in the church auditorium. John De Heck and Mrs. C. E. Mick were soloists and R. E. Lyons of Marquez spent the evening in the city.

H. M. Johnson, West merchant, was in the city yesterday.

J. C. Tate, merchant from Tokio, spent yesterday in Waco.

G. W. Hensler of New Orleans was in the city yesterday.

Mr. and Mrs. W. T. Morrison of Hillsboro are in the city.

R. L. Waller, Laguna merchant, was in the city yesterday.

A. J. Moore of Mt. Calm is here in the interest of business.

J. R. Manning of New York was in Waco yesterday morning.

Postmaster John H. Spurlin of Hamilton was in the city yesterday.

W. A. Mayrick of Lubbock was on the streets of Waco yesterday.

T. J. Logue, merchant from Patrick, was here yesterday afternoon.

Mr. and Mrs. J. M. Allen of Goldthwaite are among Waco visitors.

Mr. R. G. Wadsworth has returned from Temple and is decidedly improved.

S. L. Dale of St. Louis was here yesterday.

W. W. Davis has gone to Mineral Wells and will be absent from the city awhile.

Prof. Frank Allen has been ill for the past ten days, and is still confined to his room.

S. J. Mingo, a well-known resident of Gatesville, spent yesterday morning in Waco.

L. A. Johnson, proprietor of a mercantile establishment at Elk, was in Waco visitor yesterday.

E. L. Whitney, general agent of the Kansas City Southern railroad, was here from Dallas yesterday.

Mrs. H. Brodkey and Mrs. A. Simon and children are the week-end guests of Mr. and Mrs. L. Fred.

T. D. Dawkins, postal inspector, who has been out one of his regular rounds, was here yesterday.

Mrs. E. A. Blain, son and daughter and Misses V. H. Perry and L. Sale of Dallas stopped in Waco yesterday at the New State House. They had been on a motor tour to San Antonio and were on their return.

Mrs. M. A. Beshear of East Waco is recovering from injuries inflicted by a live wire which was blown down on a Sunday during the wind storm last Sunday. She suffered from burns on the chin, shoulders and hands.

General Baggage Agent F. H. Jones of the Cotton Belt railroad, headquartered in Tyler, spent yesterday in the city and was shown around by Col. J. M. Manchester, a friend of long standing.

"We have had a most gratifying increase in business over last year all up and down the country," said Mr. Jones. "It has not been a big increase, but it has been substantial and general, and we feel well satisfied."

H. G. Humphries, wife and baby of Mart are in the city for a few days, visiting the T. D. Humphries and Judge Denison families. Mr. Humphries reports very favorable conditions in the city and says that crop conditions are very flattened.

He is in the automobile business in Mart and incidentally paid the Waco Morning News a visit. Mr. Humphries is assured a hearty welcome to Waco, automobile headquarters of Central Texas.

Healthy Old Age Brings Happiness

Simple Remedy Promotes Health by Overcoming Tendency to Constipation.

Advancing years impair the action of the vital organs. Old age should be the period of greatest happiness, but good health is necessary. Constipation should not be tolerated—it is often the direct cause of ill health.

Heartache, belching, biliousness, bloat, drowsiness after eating and other symptoms of constipation can be readily relieved by the use of a simple laxative compound sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. Mr. J. H. Bristol, 1412 Geddes Ave., Ann Arbor, Mich., who is 83 years old, says, "Dr. Caldwell's Syrup Pepsin is the best remedy I ever used for constipation and I always have a bottle of it in the house to use when I feel the need of it; it never disappoints."

Dr. Caldwell's Syrup Pepsin is a mild laxative preparation, positive in its effect, acting easily and naturally without griping or other pains of discomfort. For over a quarter of a century it has been the standard household remedy in thousands of

Finally, after the pictures, consent was given and the construction of the square was begun. A huge fountain was built and houses were erected with the blacksmith shop forming the center of the group.

STOP! CALOMEL IS QUICKSILVER

IT'S MERCURY! ATTACKS THE
BONES, SALIVATES AND
MAKES YOU SICK.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make your sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

CITY NEWS BRIEFS

Travel into Waco over the railroads is said to be very heavy now and the hotels are doing a somewhat heavier business all around.

Some of the weatherwise were yesterday predicting that clouds would soon appear in the account of the popular impression that "if it goes off at night it will cloud again within twenty-four hours."

The temperature was 50 yesterday morning, and straw hats were very scarce, the persons who had been wearing them exchanging them for the winter variety, leaving the straws on the shelf for a warmer day.

Sales of peanuts are still being made by Public Weigher Sem Nix and Felix Alexander. The farmers of this section are getting ready to try out the peanut proposition, and if the year is a favorable one for this crop, the success will doubtless encourage many to try their hand next year.

A parrot on Sanger avenue has as a part of his daily conversation with him self "Bye-bye, baby," and in using the expression the bird throws in a lot of soft tones which sound very clearly that children in that neighborhood are learning the cue for the words which mean nothing special to the parrot, but a great deal to the children and the parents.

Mention was made in these columns a day or two ago of the injury sustained by Mrs. M. E. Armstrong, a passenger formerly of Waco, in an auto accident. Later information is that Mrs. Armstrong is now getting along very well, though she was painfully injured. She sustained a broken and two fractured ribs when a jitney in which she was riding was struck by an auto occupied by several soldiers. The small daughter of Mrs. Carlock was with her at the time of the accident, but no mention is made of injury to her.

White Man Will Be Brought Back on Swindling Charge

J. E. Herrin, wanted here on a grand jury indictment charging him with swindling in a sum in excess of \$50, has been located at Tyler, and will be brought back to Waco for trial.

The claim is that Herrin represented that he had the right to sell a piece of property, which was bought by a trust company of this city and \$2000 paid for it, that later developments showed that he had not the authority to sell which he represented that he had. This was more than two years ago.

Deputy Sheriff Lee Jenkins has gone after Herrin.

Doughnuts That will remain moist.

Every housewife who bakes her own bread knows that if a little potato is added to the sponge, the bread will not dry out quickly. In this recipe potato is utilized to make doughnuts that will remain moist and fresh for several days.

K C will be found to have distinct advantages over any other Baking Powder for doughnuts. K C is a double acting baking powder with which a large batch of doughnuts may be mixed and fried a few at a time. The last will be as light and nice as the first.

K C Potato Doughnuts

By Mrs. Nevada Briggs, of Baking School fame.

4 cups flour; 2 eggs; 1 cup sugar; 4 level teaspoons K C Baking Powder; 1 teaspoon salt; 1/2 teaspoonful mace; 1 cup cold mashed potato; 1 cup milk, or more if needed.

Sift three times, the flour, salt, spice and baking Powder. Beat eggs with rotary beater, then still using rotary beater, gradually add sugar, then work in the mashed potato with a spoon and alternately add milk and flour mixture. Make a soft dough, roll into a sheet, cut into rounds, pinch a hole in the center with the finger and fry in deep fat.

Fat for frying should not be hot enough to brown the doughnut until it has risen. When the doughnut is dropped into the fat it sinks to the bottom. As soon as it comes up it should be turned and turned a number of times while cooking. This recipe is excellent as they do not take the fat in frying and will stay moist for days.

"A Man of Sorrow."

One of the most talented and the most interesting players in the new Fox production starring William Farnum, "A Man of Sorrow," showing at the Hippodrome today and tomorrow, is a canine actress, "Peggy," who has literally leaped into fame in this picture. She is a Boston bull terrier of illustrious pedigree and vast intelligence and is in great demand for pictures. She rescues her young mistress from a dangerous storm and in a merry chase bit William Farnum on the leg with the result that Mr. Farnum no longer believes in absolute realism in the pictures. Peggy carries her pay check home every Saturday night and gives it up to no one but her master. In the role of Jack Hewitt, the young man reclaimed from drink by Nance London and who later becomes her husband, William Farnum, is a very likable character in this new picture. KATY CLERKS THINK ARE TREATED UNFAIR

That the Katy is showing discrimination against members of the Brotherhood of Railway Clerks and has gone as far as to give orders to all clerks in their employ who are members of the order that they must give up their membership or their positions, was stated yesterday by T. M. Nowlin, secretary-treasurer of the Geyser City branch No. 176. Until a few days ago about twenty-two clerks had membership in the union, but have given up their memberships in order to keep from losing their positions, Mr. Nowlin said.

R. P. Deo of Cincinnati, grand vice members of the B. R. C., has been in Waco several days to try to learn the reason "why the Katy is discriminating against the union." He left yesterday morning for Dallas in order that he could have a conference with F. Anderson, general manager-agent, and W. A. Webb, chief operating officer of the Katy, in regard to the officials here notifying the clerks that they would be given their time checks if they did not give up their membership cards in the B. R. C.

In order that clerks will not be discharged for having membership in the union, Mr. Nowlin called upon heads of several local shippers and gained their promise of co-operation in stopping any such step.

J. W. Evans, superintendent of the Central Texas division of the Katy, is out of the city and will not return until today or tomorrow.

Speakers' Club Enjoys Humor That Goes With a Mock Trial

The Waco Speakers' club enjoyed an interesting program last evening in the carrying out of a mock trial, in which one of the members of the club was prosecuted for conduct not becoming the honor and dignity of a member of the club. The jury returned a verdict, "not guilty." The trial was full of wit and humor from beginning to end and very highly entertaining to a goodly number of the membership, as well as several visitors of the city.

The next meeting of the club will be held in the gold room of the Raleigh hotel. This will be the regular bi-monthly banquet and election of officers, and the program committee has arranged an exceptionally interesting program, which will be announced later. All members are especially urged to be present at the next meeting and bring a visitor.

M. P. Waddell, 1320 S. Fifth St., Waco, says: "I was troubled for a long time by rheumatic pains. Mornings I was lame and sore and practically helpless for quite a while. The kidney secretions were scanty and distressing in passage. A languid feeling robbed me of all energy. I used a number of medicines without the slightest relief until I got Doan's Kidney Pills at Morrison's Old Corner Drug Store. They gave me good results."

The management of the Tokio Art Association has just received a wire from headquarters to sell at once all Japanese and China High Art on hand today and tomorrow at what it will bring and start immediately for Europe. Hundreds of Waco people have not availed themselves of the opportunity to adorn their homes with some of this remarkable hand carved furniture, beautiful embroidery, screens, vases and many other articles of unusual beauty and value. Today and tomorrow this opportunity will be given and we especially urge those who have not availed themselves of the opportunity to buy these articles at their own price to attend the auction sale.

An opportunity of this kind only comes occasionally and were it not for the fact that they were left over from the Panama Exposition, they could not be bought for love nor money. You have two more days in which to get these articles. They must be turned into cash. Whether you want to buy or not, the public is cordially invited to visit this unusual display of Oriental High Art. Special reserved seats for ladies.

DR. HULTEN ASKS CHURCHMEN TO GIVE BEST DAY THEY HAVE

Evangelist Says That Men Should Put
Their Training and Energy
Into Church Work.

Christ?" This evening, at 8 o'clock, the subject will be "Does It Pay to Be a Christian?" The prayer meetings at 7:30 are being well attended by both men and women. The women of the church, instead of having their regular auxiliary meeting this afternoon, will meet at 3:30 for a prayer service.

Dr. Hulten has agreed to preach Saturday night instead of adjourning the service, since the meeting is to close Sunday night.

With "Journeying with Jesus" for his theme last night, Dr. H. H. Hulten preached to an overflow crowd at the First Baptist church. Dr. Hulten took the story of Joseph and Mary on their way from Jerusalem to Nazareth after the feast of the Jews, as found in the second chapter of Luke, and used it as a foundation for his discourse.

After the service, Dr. Hulten joined all day long those found that Jesus was not in the company who were traveling with them. They made their way back to Jerusalem, and there they found the Lord, at that time only a boy of 12, talking with the great Jewish wise men. The story served as an excellent background for such a sermon. "Are you traveling with Jesus? If you are journeying with Him, you have found your assurance, but if you are journeying without Him, you have no assurance of salvation," he said.

"There are those," said the preacher, "who look upon all assurances in religion as mere presumption. But we have God's Word for our assurance in the Bible. These things are written that ye might know," said the apostle.

"If the women of this church were as careful of their children's spiritual education as they are of their intellectual training, they would have a strong church here. If the men of the church were as careful of the finances of the church as they are of the finances of their business, this would indeed be a strong church. If we were all as careful of the kingdom interests as we are of our material interests the world could be won to Christ in this generation."

The man who is without the companionship of Jesus has not the highest incentives, has not self-mastery, and has nothing worth while."

An earnest appeal was made to the members of the church to whom the world holds out its hand in approval. "For the day will come," said the preacher, "that man will have to pass through the night of bitter disappointment. Then, if you have the Lord there, you will not find it hard to journey; without Him, your path will be rough and steep."

This morning at 10 o'clock the subject will be "What Think Ye of

KATY CLERKS THINK ARE TREATED UNFAIR

That the Katy is showing discrimination against members of the Brotherhood of Railway Clerks and has gone as far as to give orders to all clerks in their employ who are members of the order that they must give up their membership or their positions, was stated yesterday by T. M. Nowlin, secretary-treasurer of the Geyser City branch No. 176. Until a few days ago about twenty-two clerks had membership in the union, but have given up their memberships in order to keep from losing their positions. Mr. Nowlin said.

R. P. Dee of Cincinnati, grand vice members of the B. R. C., has been in Waco several days to try to learn the reason "why the Katy is discriminating against the union." He left yesterday morning for Dallas in order that he could have a conference with H. F. Anderson, general manager of agent, and W. A. Webb, chief operating officer of the Katy, in regard to the officials here notifying the clerks that they would be given their time checks if they did not give up their membership cards in the B. R. C.

In order that clerks will not be discharged for having membership in the union, Mr. Nowlin called upon heads of several local shippers and gained their promise of co-operation in stopping any such step.

J. W. Evans, president of the Central Texas division of the Katy, is out of the city and will not return until today or tomorrow.

Speakers' Club Enjoys Humor That Goes With a Mock Trial

The Waco Speakers' club enjoyed an interesting program last evening in the carrying out of a mock trial, in which one of the members of the club was prosecuted for conduct not becoming the honor and dignity of a member of the club. The jury returned a verdict, "not guilty." The trial was full of wit and humor from beginning to end and very highly entertaining to a goodly number of the members as well as several visitors of the city.

The next meeting of the club will be held in the sold room of the Raleigh hotel. This will be the regular bi-monthly banquet and election of officers, and the program committee has arranged an exceptionally interesting program, which will be announced later. All members are especially urged to be present at the next meeting and bring a visitor.

The Doctor's ADVICE by Dr. Lewis Baker

The questions answered below are general in character. Symptoms or diseases are given and the advice will apply in any case of similar nature.

Those wishing further advice, free, may address Dr. Lewis Baker, College Blidg., College-Elwood Sts., Dayton, O., enclosing a stamped envelope for reply. Full name and address must be given, but only initials or fictitious names will be used in my answers. The prescriptions can be filled at any well-stocked drug store. Any druggist can order or wholesaler.

most afraid to try any remedy, but if you tell me a sure remedy I will try it."

Answer: Do not be disheartened because you have not been able to find something that would overcome your rheumatism, for you can be relieved if you continue with the treatment. Get from the drug store lodine or potassium 2 drams; sodium salicylate, 4 grains; wine of colchicum, ½ oz.; comp. fluid ammonium, 1 oz.; comp. essence cardiol, 1 oz.; and syrup sarsaparilla, 5 ozs. Mix and take a teaspoonful at mealtime and again before going to bed.

C. L. asks: "I have tried to cure dandruff, itching scalp, falling hair and baldness with numerous tonics, etc., but in vain. What do you recommend?"

Answer: I have been recommending pink yarrow for the past seven years and scores of my patients are delighted with the quick, pleasant results of this remedy in stopping itching, hair, dandruff, etc. It gives the hair health, lustre and vigor as nothing else does. Obtain in 4-oz. jars with full directions.

H. M. B. writes: "Can you please prescribe a medicine which will relieve me of such distressing symptoms of kidney and bladder disease in region of bladder, frequent calls at night, but scanty flow with pain, burning and foul odor, puffing of limbs, etc."

Answer: Those seeking relief from kidney and bladder disorders should begin taking balmwort tablets, a very successful formula sold in sealed tubes with full directions.

Mrs. N. B. B. asks: "I suffer from headache and constipation and my blood seems too thick, causing languor and tired feeling. I will thank you to prescribe for me."

Answer: Three grain sulphur tablets (not sulphur are more effective, in reducing constipation, thinning the blood, and improving the symptoms of languor, etc. I advise you to begin taking as directed with sealed packages.

YOUR LAST CHANCE—

The management of the Tokio Art Association has just received a wire from headquarters to sell at once all Japanese and China High Art on hand today and tomorrow at what it will bring and start immediately for Europe. Hundreds of Waco people have not availed themselves of the opportunity to adorn their homes with some of this remarkable hand carved furniture, beautiful embroidery, screens, vases and many other articles of unusual beauty and value. Today and tomorrow this opportunity will be given and we especially urge those who have not availed themselves of the opportunity to buy these articles at their own price to attend the auction sale.

An opportunity of this kind only comes occasionally and were it not for the fact that they were left over from the Panama Exposition, they could not be bought for love nor money. You have two more days in which to get these articles. They must be turned into cash. Whether you want to buy or not, the public is cordially invited to visit this unusual display of Oriental High Art. Special reserved seats for ladies.

Christ?" This evening, at 8 o'clock, the subject will be "Does Work to Be a Christian?" The prayer meetings at 7:30 are being well attended by both men and women. The women of the church, instead of having their regular auxiliary meeting this afternoon, will meet at 3:30 for a prayer service.

Dr. Hulten has agreed to preach Saturday night instead of adjourning the service, since the meeting is to close Sunday night.

Improvement Notes

Workmen have started construction of the new Presbyterian Mission church at Twenty-fifth and Bosque Boulevard, and with fair weather will have the structure ready for the roof by tomorrow.

It will be a pretty and inviting building, and is located at the southwest corner of the streets mentioned, diagonally across from the new public school building which is to be erected.

The location is a good one, the church being right on the corner and in a rapidly growing section of the city.

The Finney place, which was destroyed by fire several weeks ago, on South Eleventh street, just north of Speight street, is being rebuilt. The residence is about half complete at present.

As a necessity and not a choice,

we, the pupils of the Central Grammar school have resorted to this means of appealing to you for just treatment and humane treatment at the hands of our teacher.

As a result of this, our mutual rights shall be permitted to gain us this end, our most earnest desire will have been fulfilled. If you will grant us this favor, we can look forward to success at our efforts of learning human treatment and peace and see that this takes action."

But the schoolboy scrawl and the over-sized words did not cover up the earnestness of the situation presented to the school officials, and a summary court was held at the school building yesterday, to which ex-pupils hearing the signs were the principal witnesses. The court's decision is held in abeyance, pending further consideration.

JIMMIE ZINN LETS SHREVEPORT DOWN WITH FOUR PALTRY BINGLES.

Balplayers, Villagers, etc.

That sterling actress, Miss Smidney Stith (on her thirty-fourth farewell tour) was seen at Katy Park yesterday in the strong emotional drama with a title—"Did He Fall or Was He Pushed?" The general verdict at the final curtain was that he did.

Another appropriate title might have been "The Tragedy of a Poor Working Girl," for the heroine was in some trouble or other from the rise of the curtain to the fall.

Miss Stith as an exponent of humor and pathos has been a delight to the gamut from the light, frosty patter of the ball yard to the ravings of a caged tiger or umliahian; not to mention some excellent acrobatics and other things.

Mr. Kuhn as the main goat gitter, J. James as the villain and Mr. Jim as the juvenile were all excellent as were the supers.

In all, it was a most enjoyable comedy stage, and the populace enjoyed it hugely.

Another farewell tour of Miss Stith is awaited with pleasure.

Jimmie Zinn, ably handled by Red Kuhn and working behind a breastworks of plentiful runs, brought home a win yesterday from the Gassers that was so easy it looked like a shame to take it. The big youngster had it all and was never called on for a dozen curves in the game. He was layin' 'em right in Red's glove every pop, while his team mates were working in true Nav style—and that almost tells the defense end of it. There probably never was a game won on fewer pitched balls. In one inning Zinn threw but four balls and one of these was a strike that Hyder Barr took. In another inning but six balls were pitched. In the first, second, third, fourth, fifth, sixth and ninth innings but three men faced the pitcher and but one man was left on base by Shreveport. No Gasser walked.

NAVS HAMMER TWO GASSER PITCHERS HARD.

While Jimmie Zinn was standing the visitors on their heads in a defensive way, the Nays were exercising to their fullest extent their well-known penchant for extra base wallop. The team made seven hits and out two of these were singles. Four doubles and home runs made up the other five—all clean ones and nicely bunched with walks and errors.

"Tod" Sloan was elected by Smith to lead the team to victory and keep the Nays out of the painful place at the top of the league standing. Sloan had been remembered as a Dallas heaver last year—the boy who was accused of using an ebony ball. He was greeted enthusiastically.

Bittle opened with a long double to left center and Coyle drew a walk. On the first ball pitched to Conwell, both runners were moving on the chance of his hitting a foul, at least hitting an infield ball. Conwell hit the ball, however, and Smith threw it to Bittle. The throw was wide and caught Bensen out of position and Bittle scored while Coyle made third. Coyle registered on Conwell's play.

Zinn followed with a long double to center, but was left on base when Tanner grounded out and Mal whiffed.

The Nays had three on and but one in the second inning as a result of a walk to Kuhn and a single and a walk to Bittle. Zinn was caught flat-footed off second, however, and Coyle flew out to center.

While Coyle new up the game in the fourth men Malmquist was safe on an error by Bernsen. Wohlleben walked and Kuhn sacrificed. Smith mess up the bunt and Malmquist scored. Zinn singled to right, the ball getting through Becker and Bensen. Bensen scored. Bittle sacrificed Zinn to third and Coyle scored him with a single to right. The result of the excitement was three runs, a walk, a double and a home run. Bernsen hit a home run over the left-field fence. It was a long blow.

After the Andrews did better, although he allowed a long double by Tanner in the eighth.

In the meantime Zinn allowed singles in the seventh by Becker and Diamond, the former scoring later on Barr's sacrifice. In the eighth, Zinn was left off with a double and scored on Kneaves to Tanner on which the latter made a bad throw. In neither inning was a rally threatened, and Zinn had no trouble in retiring the opposition batters.

CITY HEADS PASS MANY ORDINANCES

SAFETY PROVISIONS INCLUDE ORDINANCE AGAINST SPEED AND CROSSINGS.

REVIEW CHARTER REVISIONS

Commission Calls for More Railroad Safety Gates at Crossings and Longer Hours.

Ordinance passed requiring more safety-first gates at crossings and longer hours of operation.

Levee ordinance for East Waco protection passed.

Will put kibosh on fast driving near schools.

Commissioners will meet with charter committee tonight.

"Ordinance day" is a designation which could very appropriately have been applied to the work of the city commission yesterday, as that body passed a number of ordinances in "one, two, three" order, and also discussed the packing house and slaughterhouse question, which went over for final action until the next meeting a week hence.

The ordinance calling for slow speed for autos passing the public school buildings of Waco, in order to protect the children and teachers, passed easily. It had been ordered brought in at a previous meeting of the commission.

The ordinance and resolutions needed for the protection and upkeep of the East Waco levee likewise passed the commission yesterday morning.

An amendment to the ordinance providing for safeguarding the street crossings at the points which are thought to be most dangerous on the Cotton Belt and Katy railroads was passed, and the result was that gates will be asked on these railroads at Third, Fourth, Fifth, Sixth, Eighth, Eleventh, Thirteenth and Thirteenth streets.

The above passed without any dissenting votes.

Another ordinance which passed was one requiring the Katy railroad to take up a spur track on Jackson street between Seventh and Eighth streets.

The proposed amendments to the city charter, as agreed on by the advisory committee, were presented by Judge J. N. Gallagher and received with thanks.

All members of the city commission were present yesterday morning when the body voted to order at 9:30.

After speaking on the subject for a few minutes, Commissioner Ben Richards moved that the city secretary notify the railroads that they must comply with the ordinance regarding keeping watchmen at crossings, and that the watchmen should be on duty from 7 a.m. to 11 p.m.

He predicted that a whole family was going to be wiped out some day, unless action is taken. He thought the lives of many people were in constant jeopardy.

The ordinances on the subject were read to the commission. There was discussion as to whether there should be flagmen or gates, or some flagmen and some gates. Ordinances already are in existence on the subject, but the new or amended ordinance requires gates at crossings on the Katy and Cotton Belt railroads, including the following streets: Third, Fourth, Fifth, Sixth, Eighth, Eleventh and Thirteenth streets. The gates to be in operation from 7 a.m. to 11 p.m. This covers Mary and Jackson streets. The amended ordinance passed finally under suspended rules.

A communication bearing on the subject of a municipal abattoir, same being from packing hours concerns, was read. No action was taken.

A communication inviting the commission to attend the banquet at the formal opening of the Raleigh hotel next Monday night was read and the invitation accepted.

An ordinance prescribing the duties of the building inspector was read the third time and passed.

JUDGE GALLAGHER REVIEWS CHARTER REVISIONS.

Judge J. N. Gallagher presented to the commission the matters which the charter committee has been working on, and which it had been decided to certify and submit to the people of Waco for a vote, if the commission so desired. He mentioned the proposed charter changes, which have been shown in these columns from time to time, as the charter committee to act.

Mayor John Dollins asked if those were the only amendments that were to be voted on.

Judge Gallagher said that was all as far as he knew. He reviewed the work of the committee, and said that all members had worked and with a singleness of purpose. He said it would be impossible to draw up an instrument which would please everybody, but the committee had tried to do something which would result in good to the whole people. He spoke of the various amendments proposed, and said that the committee as a whole might not favor all the amendments, but that the people could say for themselves whether they wanted the amendments passed.

He submitted an outline of the work done by the committee so the commission could see where matters stood, as the committee would probably adjourn Friday night. The committee understood that their action was only advisory, and that the commission was not compelled to submit what the committee offered, but the committee had been asked to advise and had done so, said Judge Gallagher.

City Attorney John Maxwell stated that a member of the committee that an amendment had been drafted looking to allowing the city to sell property held by the municipality.

Judge Gallagher invited the commission to meet with the committee Friday night.

Commissioner Cockcroft moved to receive the report of the committee and extend thanks for same, which carried.

WILL ENFORCE SIDEWALK ORDINANCES.

Ray Howell made inquiry as to whether all parties were being treated alike as to enforcement of the sidewalk ordinance.

Sidewalk Inspector J. B. Strother and Mayor Dollins said that all parties notified would have to put down walks.

Mr. Howell said he had put down

sidewalk on Barnard and Twenty-first but others there had failed to comply, working a hardship on him.

He was assured that all parties would have to come across there and elsewhere, as ordered.

An ordinance repealing the instrument allowing the Katy railroad to place a spur track on Jackson street, between Seventh and Eighth streets, adjoining the Abell and Waco streets, read, the ordinance seeking to have the track taken up in the next thirty days. The ordinance was passed.

TO STOP FAST DRIVING NEAR SCHOOLS.

The ordinance seeking to prevent fast driving around the public schools, and asking for "Slow" signs there, was read, the signs to be arranged so as to have the word, "Thank You," on one side, expressing appreciation in this way for slowing down. This ordinance was prepared by the city attorney at the request of the commission, as were other ordinances presented at the session. The ordinance was passed. It provides for a fine not to exceed \$50 for violation by fast driving.

An ordinance providing for stopping the cutting into the East Waco levee or injuring it in any way, was presented and passed under suspended rules.

A resolution providing for inspection of the levee, arranging for sand bags and other protection, was passed.

Annual reports of the Waco water commission and the Oakwood Cemetery association were received and filed.

Dr. I. Block was reappointed official weather observer for the city, without pay.

The ordinance on the packing houses and slaughter pens went over for one week.

The following resolution was passed as presented by Commissioner Ben C. Richards:

Be it resolved, that the city electrician, E. F. Copley, weight and measure officer, John Strother; building and plumbing inspector, Mr. Sam Herbert, and Fire Marshal Joe Carlsbele be requested to have office hours in the city hall at their respective offices from 10 a.m. to 12 noon, and that they be requested to be in their offices during the next two hours, so that the citizens of Waco can locate them without trouble when matters arise that require their attention.

Be it further resolved, that an article be run in the two daily newspapers of Waco, stating the office hours of these city officers, so the citizens will be informed of this change in office hours.

Mayor John Dollins said he was in his office each morning from 9 to 11 o'clock, and the commissioners were usually there about those hours. They would be ready to meet and serve the people at all times.

COMMUNICATIONS FILED WITH COMMISSION.

The following communication from Street Foreman Ford was read:

To the Hon. Mayor and City Commissioners of Waco:

Gentlemen: In answer to the communication submitted to your honorable body on yesterday morning by J. O. Carey, corresponding secretary of the Central Labor council, of this city, I desire to say: I wrote both of the instruments mentioned and said communication. The application in which I made a reappointment to the position of street foreman I handed to Mr. John Hill, to be delivered by him to Mr. John Davis, city secretary. This was on the morning of the seventh of April, nineteen sixteen, and the reason I did this was that I was aware of the fact that several persons, including J. O. Carey, were fighting me for the appointment, and as stated in my application, I desired to have my reason for not receiving the appointment, that I did not receive the appointment, that I go to some of the men who had been working under me and who were competent and honest, and especially Mr. Hill, who I knew to be thoroughly competent and honest and capable of performing the duties of the office. As to the endorsement of the Central Labor council, as to my application, it is true that they never endorsed me. I never asked for any endorsement from them and knew nothing about it until yesterday afternoon, and I am entirely ignorant as to how any endorsement appeared on my application except that there was an endorsement on same.

As to the application on which an endorsement of the Central Labor council appears, I wrote this one about the first of April and handed the same to Mr. Tom Smith. I had been asked to this by several of the members of the Teamsters' union, and never had I done anything again until I was shown same by Mr. Stampf this morning.

It is not true, as alleged in this communication from Mr. J. O. Carey, that I have not lived up to the rules of the union, but on the contrary, I have always given the preference to union men, when they were able to work, and whenever a man was not able to do the work, I have not employed him,

In conclusion, I wish to say that I am sorry that this misunderstanding occurred, and I also wish to say that it was entirely unintentional on my part, and I did not and do not wish to do anything that would in the least embarrass or reflect on any one.

The above contains true statement of the facts connected with my application, so far as I know.

Respectfully submitted,

DAN FORD.

The following bearing on the subject was read by the city secretary:

To the Mayor and Honorable Body of Commissioners:

This is to certify that Mr. Dan Ford instructed me to pin his application to said document which had the endorsement of the Teamsters and Helpers' local and also the endorsement of the Central Labor council.

JOHN HILL.

(X—His Mark.)

Witnesses: R. W. Erwin, E. S. Ferguson, F. A. Daniel.

The appended statement from Mr.

Hill to the Central Labor council was read by the city secretary:

Waco, Tex., April 2, 1916.

To Central Labor Body:

I, John Hill, hereby certify that Mr. Dan Ford, author of the pin said document to his application for re-appointment for street foreman and deliver to mayor or city secretary.

Signed JOHN HILL.

Witnesses: John H. Moore, W. F. Mallens, A. C. Laugloz.

The last statement read by the city secretary was another communication from Street Foreman Dan Ford, which was as follows:

Waco, Tex., April 26, 1916.

Mr. J. F. Stapp, Commissioner,

Waco, Texas.

Dear Sir: In my presentation to you

my communication relative to my application to retain my position with the city government. I have incidentally learned that a statement has

been made by Mr. Hill in which he states that I instructed him to pin

the petition of the Teamsters' and

Helpers' Union No. 123 to my application for re-election.

This information having come to me

in my former statement, I desire to admit the following:

If Mr. Hill has made such a state-

ment as that he is mistaken, I did

not give him any such instructions.

Even if I had given him such in-

structions it would not constitute any

wrong of any character, either legal or

moral, either upon my part or the part

of Mr. Hill. The documents were both
